SAVING MARRIAGES... ONE ASSEMBLY AT A TIME

Are you ready to be part of a revolution in assembly services?

Kitset Assembly Services isn't just about putting together flatpack products; since 2017 we've been all about transforming frustration into satisfaction, one assembly at a time.

Imagine being part of a dynamic national network where assembly isn't just a task, but a passion. At Kitset Assembly Services, we've honed the art of assembling flatpack products into a science. With thousands of products assembled and millions in sales, we've not merely built customer's items, but a legendary reputation across New Zealand.

Our secret sauce? It's simple yet powerful: fixed fees, exceptional service, and a commitment to treating every customer like royalty. This formula isn't just successful; it's a game-changer.

Our customers don't only come back; they bring their friends and family along.

But we're not stopping there. With over 100 partnerships with top New Zealand suppliers and retailers, along with a cutting-edge ecommerce platform, our franchisees have a solid foundation to build their success upon.

So, if you're the go-to person for flatpack challenges, the maestro of assembly, or the one who never leaves a part behind (they're not 'spare,' after all), then welcome home! Dive into this pack, and let's talk about how you can join us in revolutionising assembly services and saving marriages, one perfectly assembled product at a time.
